

We have exciting news!

Our Nursery outside learning area is being revamped and installed during the summer holidays!

All children that come to our nursery in September will be the first to use the new equipment and benefit from the wonderful new provision!

Do you have a child whose date of birth falls between 1/9/20 and 31/8/21? Are you interested in one of our 2 year-old places in our nursery starting this September 2022?

We also have some spaces for children whose date of birth falls between 1/9/19 and 31/8/20 and for those who will be starting school next year in September 2023 whose date of birth falls between 1/9/18 and 31/8/19.

We can offer sessions for

2 year-olds, including those who are eligible for 2-year-old funded provision

3 year-olds who are all eligible for 15 hours free funded sessions the term after their 3rd birthday.

Additional sessions can also be paid for or 30 hours funding used.

We are currently looking at allocations of sessions for September and sessions are filling fast! Please contact our school office as soon as possible for more information or complete the attached form and send it to the school office. We'd love your child to join us!
